# DIEBOLD OPTEVA® 720

## ADVANCED-FUNCTION LOBBY ATM

Revenue-generating branding opportunities in a contemporary lobby unit

\*Available in Front-load Lobby, Rear-load Lobby or Vestibule Models

**Multi-channel software** – Agilis®, Diebold's high-performance solutions platform, performs in a cross-vendor environment and connects to web applications, back-office systems and other customer channels to maximize your brand, personalize transactions and deploy new functionality quickly.

**Security solutions** – The enhanced security features integrate the latest in fraud-prevention technology to reduce your exposure while offering your customers an enhanced sense of security.

**Outstanding automation** – An Intelligent Depository Module® accepts stacks of up to 30 envelope-free checks while an integrated dispenser offers a single entry point for presenting and receiving envelopes. Want more? Offer up to 50-note bundle deposit for immediate authentication and credit.

**Maximum availability** – Ensure maximum availability with Opteva® 720's five-cassette capacity, which is supported by intelligent modules that forecast maintenance needs so you can respond proactively.

**Ultimate reliability** – Opteva technology delivers one of the highest levels of uptime in the industry. That means consistent convenience for customers and peace of mind for you.

**Flexible installation** – Featuring either front- or rear-load configurations, Opteva 720's flexible design provides for efficient use of valuable floor space.
